#BioForward

About BioForward®

BioForward is a brand new, unique and high quality international annual conference focused on creating and developing a practical roadmap for Life Science companies. The one-day conference will feature:

- Panel discussions on major issues and challenges in developing biotech, pharmaceutical or medtech products and services
- 'How to' sessions discussing a range of industry issues with key influencers and experts
- A trade exhibition featuring specialists from preclinical and clinical development, manufacturing, quality, regulatory, human resources, IP, tax/investment/grants, business strategy and marketing
- Plenty of partnering and networking opportunities
